A LOCAL SPOTLIGHT ON MURFREESBORO SONS OF CONFEDERATE VETERANS CAMP#33

1. JANUARY 2020 | MBOROFA2

It has often been touted by Neo-Confederates that their desire to maintain the establishment and use such symbols of racism and white supremacy such as The Confederate Battle Flag (The Stars and Bars) and the many numerous Confederate Monuments that exist in practically every single major city (at the very least) in every former confederate state, is motivated by a love and reverence for history and an appreciation of their ancestral background encapsulated under the slogan of “Heritage NOT Hate ” are clearly either woefully uneducated or are shameless liars.

These assertions are obviously a blatant act of historical revisionism that anyone with even the modicum degree of intelligence can not take seriously for even a millisecond. Those who know better will take note of the infamous “Cornerstone Speech” (aka, “The Cornestone Address”) which was an oration delivered by Confederate Vice-President Alexander H. Stephens at the Athenaem in Savannah, Georgia, on March 21, 1861. In Stephens’ speech he stated clearly that the disagreement over the enslavement of African Americans were the “immediate cause” of secession from the United States of America and that the confederate constitution had resolved all hitherto existing issues by stating:

“The new Constitution has put at rest forever all the agitating questions relating to our peculiar institutions—African slavery as it exists among us—the proper status of the negro in our form of civilization. This was the immediate cause of the late rupture and present revolution. Jefferson, in his forecast, had anticipated this, as the “rock upon which the old Union would split.” He was right. What was conjecture with him, is now a realized fact. But whether he fully comprehended the great truth upon which that rock stood and stands, may be doubted. The prevailing ideas entertained by him and most of the leading statesmen at the time of the formation of the old Constitution were, that the enslavement of the African was in violation of the laws of nature; that it was wrong in principle, socially, morally and politically. It was an evil they knew not well how

to deal with; but the general opinion of the men of that day was, that, somehow or other, in the order of Providence, the institution would be evanescent and pass away. [...] Those ideas, however, were fundamentally wrong. They rested upon the assumption of the equality of races. This was an error. It was a sandy foundation, and the idea of a Government built upon it—when the ‘storm came and the wind blew, it fell.’ ”

Stephens declared that his newly formed Confederate States of America was explicitly founded upon the bedrock of racism towards African Americans, White Supremacy, and that the maintenance of the institution of slavery was not only its primary aim, but that it was entirely justified “scientific” and “moral” point of view:

“Our new government is founded upon exactly the opposite ideas; its foundations are laid, its cornerstone rests, upon the great truth that the negro is not equal to the white man; that slavery, subordination to the superior race, is his natural and normal condition. This, our new government, is the first, in the history of the world, based upon this great physical, philosophical, and moral truth. This truth has been slow in the process of its development, like all other truths in the various departments of science.”

Stephens further declares that the Confederate Governments’ belief in human inequality, and that to maintain the subordination of certain peoples under the dominance of others was to adhere to the so-called “laws of nature”:

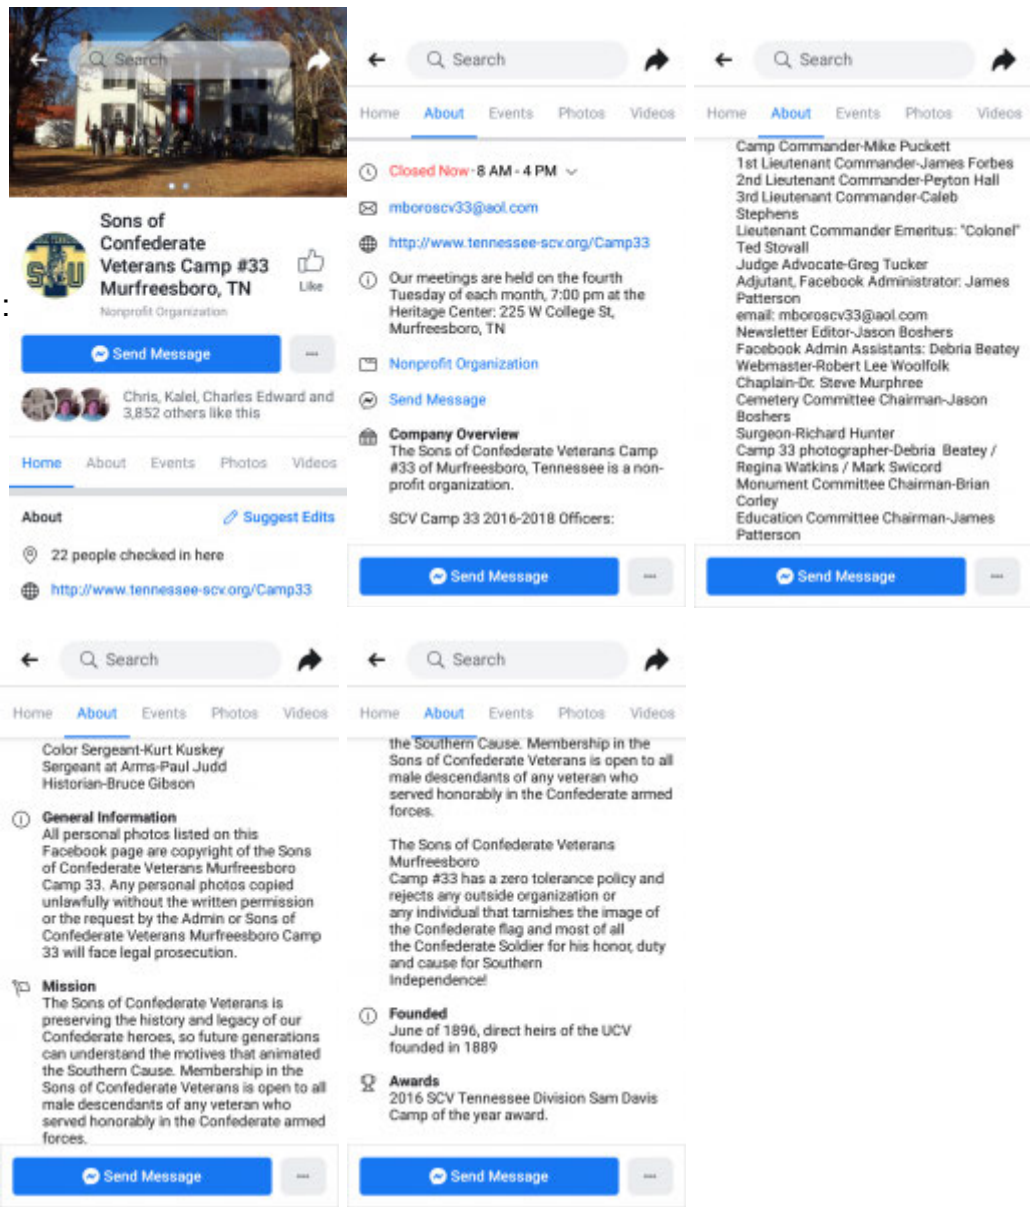

“May we not therefore look with confidence to the ultimate universal acknowledgement of the truths upon which our system rests? It is the first government ever instituted upon the principles in strict conformity to nature, and the ordination of Providence, in furnishing the materials of human society. Many governments have been founded upon the principle of the subordination and serfdom of certain classes of the same race; such were and are in violation of the laws of nature. Our system commits no such violation of nature’s laws.”

We here at Murfreesboro Anti-Fascist Action therefore declare that any individual, or organization that openly venerates (pays homage or reverence) to the memory and history of The Confederate States of America (C.S.A.) is a racist and a white supremacist, that has no place in descent society.

We wish to further state that anyone who has the audacity to assert that The Civil War was fought over “States Rights” instead of slavery; and/or that slavery wasn’t widespread throughout the south, that slave holders treated their slaves well, or that slavery was “good for blacks” is perpetuating a pernicious lie as vulgar as denying the existence of the Jewish holocaust under the Nazi Regime.

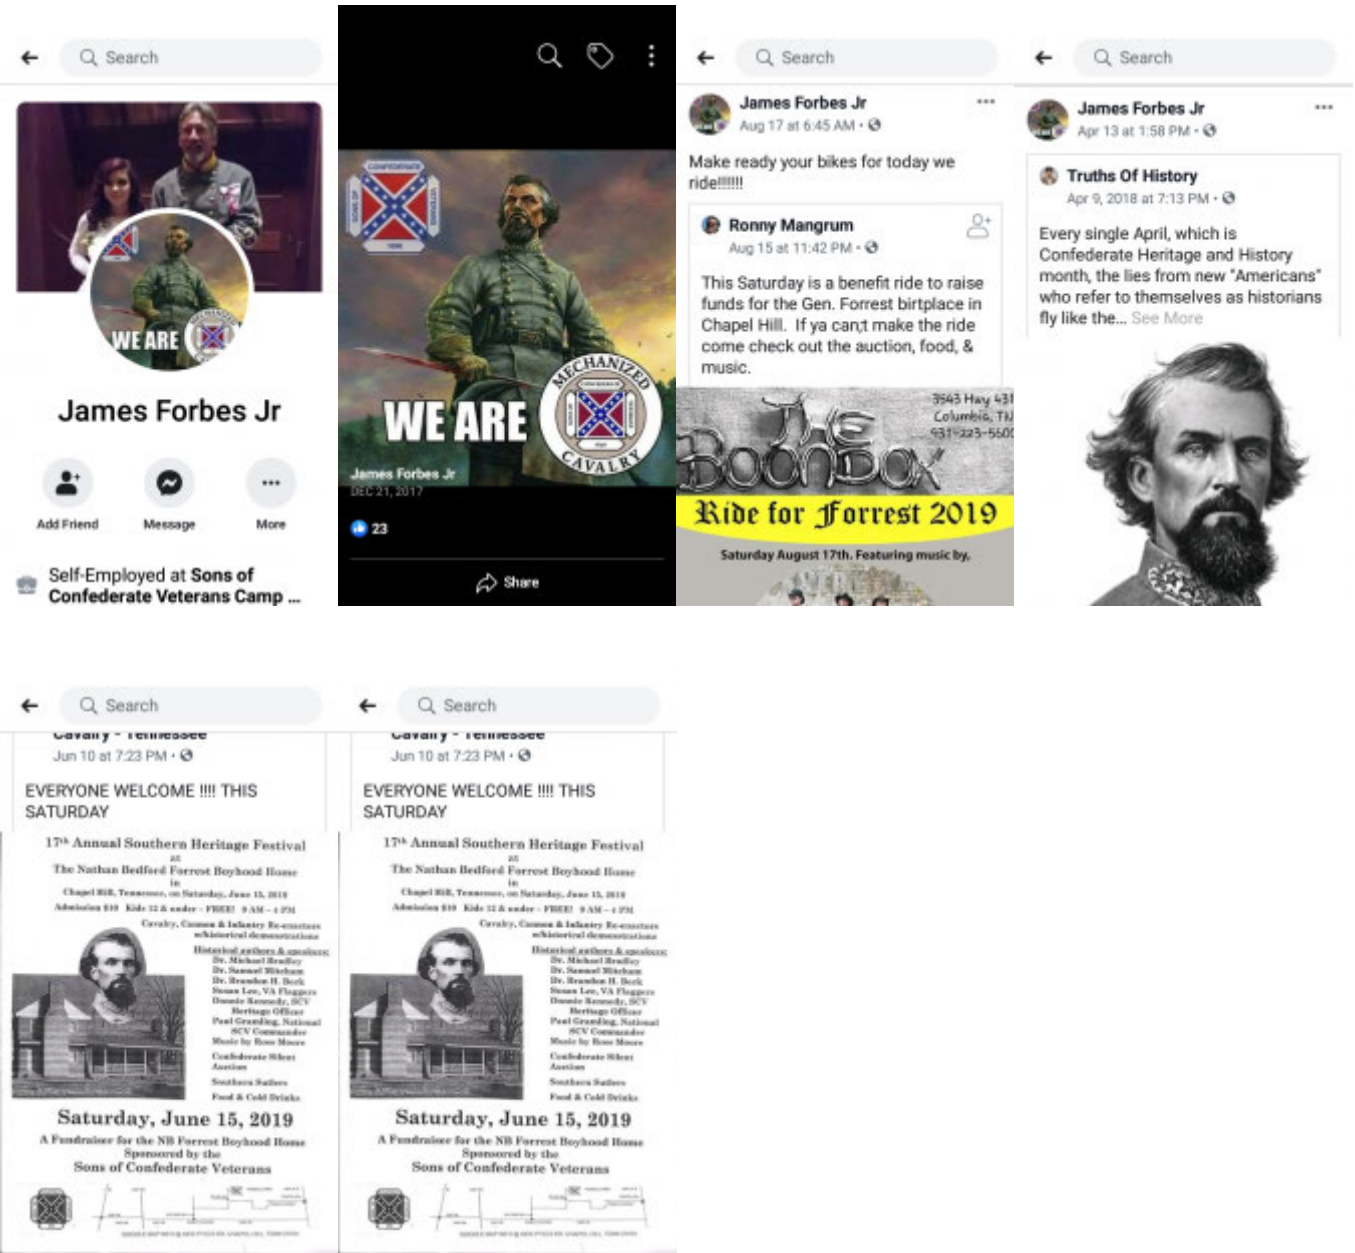

So, without further ado we present you with our sixth expose’: ” A Local Spotlight On The Murfreesboro Son’s of Confederate Veterans Camp#33.”

From looking at their Facebook account we can observe the full names of exactly who are the current members of this organization, including their exact location of their meeting and meeting time: The MTSU Heritage Center, 225 W. College St, Murfreesboro, TN 37130, Phone#: 615-217-8013. Meetings are being held every fourth Tuesday of each month at 7:00pm.

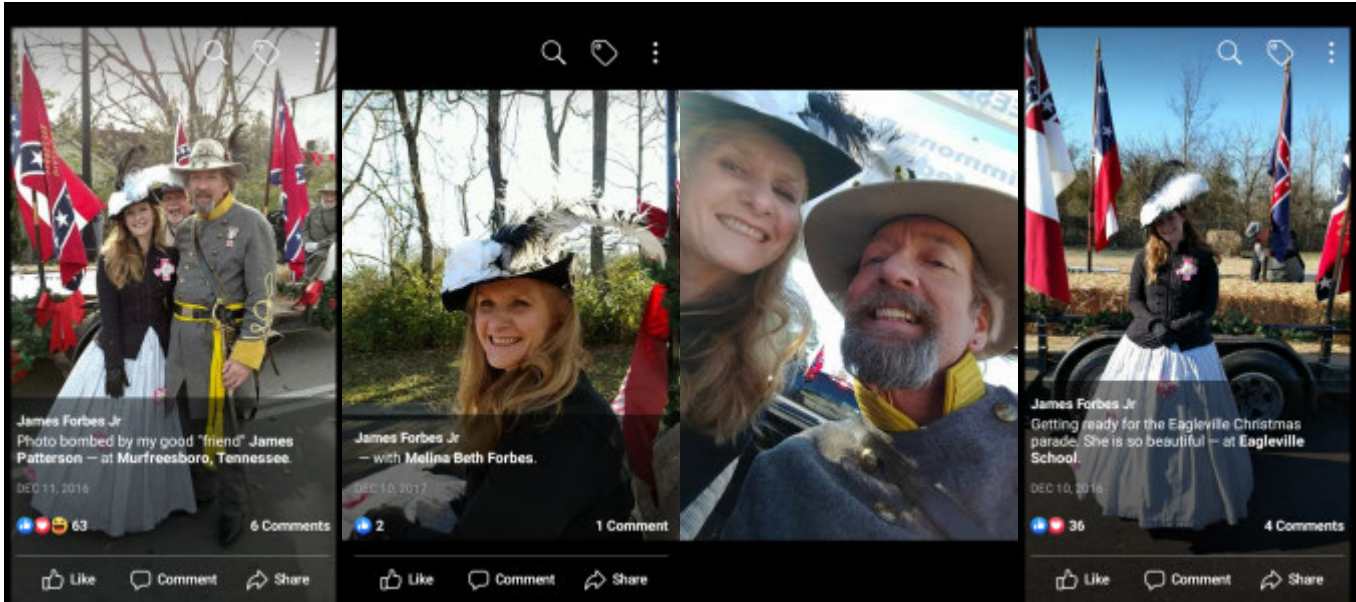

One look at any given member’s account tells you precisely where these individuals stand politi- cally. Take for instance the account of James Russell Forbes, Jr. On his account, as with other members, we see his constant and unceasing reverence for the memory of Confederate Army

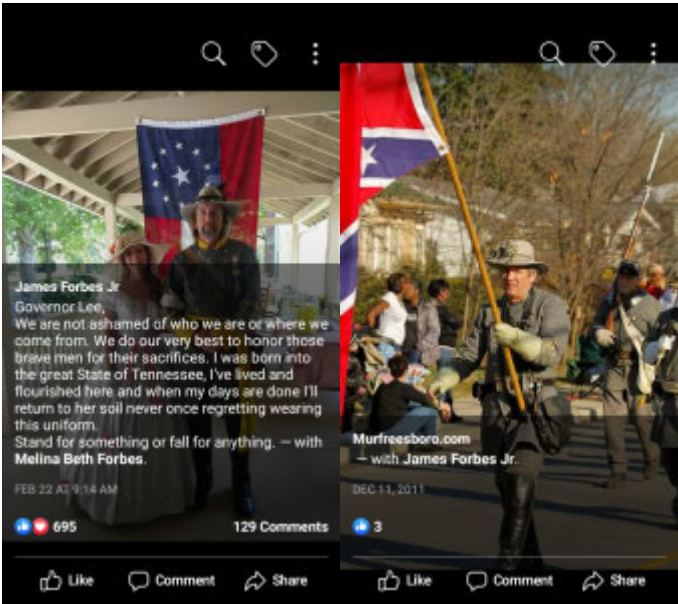

general Nathan Bedford Forest who was responsible for the Fort Pillow Massacre where roughly 2/3 of the African American soldiers who surrendered were slaughtered as opposed to roughly 1/3 of their white counterparts. He was equally notorious for being elected the Ku Klux Klan’s first Grand Wizard from 1867 to 1869. We can see Forbes promoting a fundraiser for the upkeep of General Forest’s boyhood home which occurred on June the 15th 2019, as well as his support for the Governor of Tennessee’s resent proclamation to make the 13th of July the official “Nathan Bedford Forrest Day ” in that same year.Take a look:

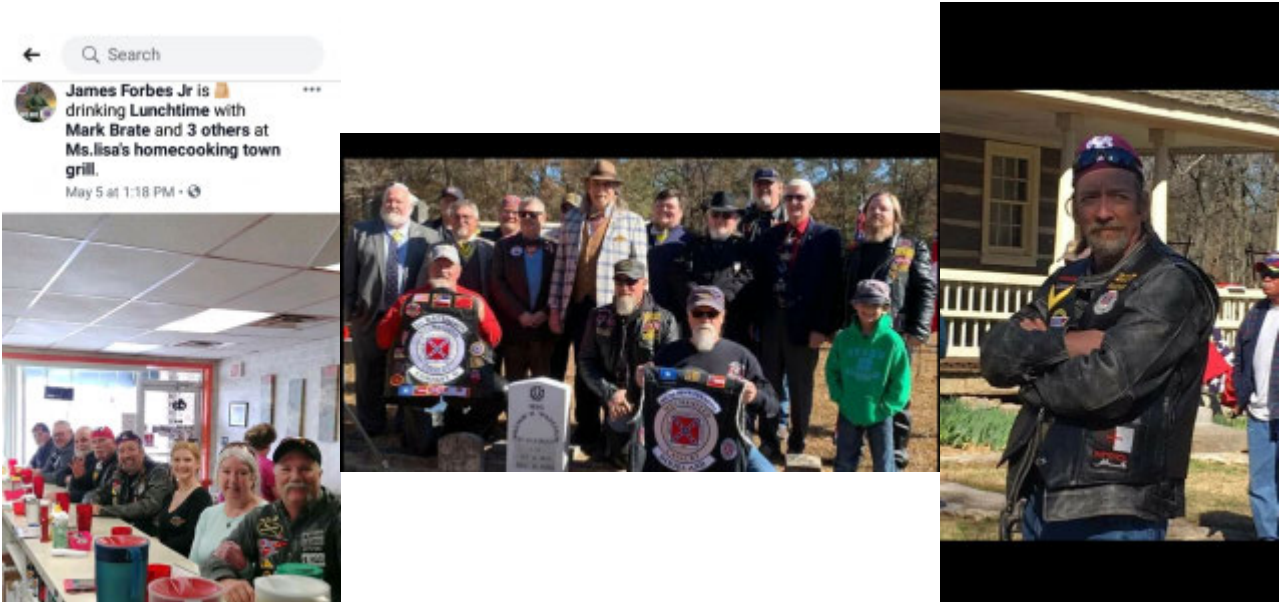

What’s even more disgusting is the incessant Confederate LARPing in full vintage regalia which includes the participation of his wife Melina Beth Forbes. Here are some photos:

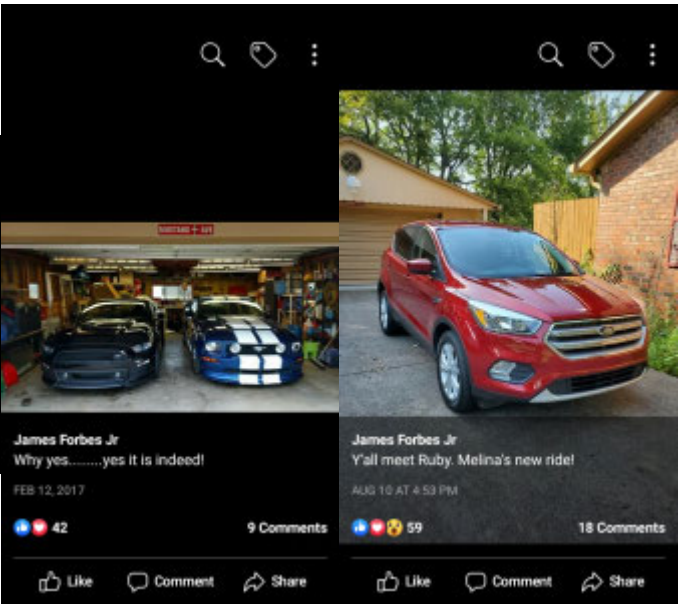

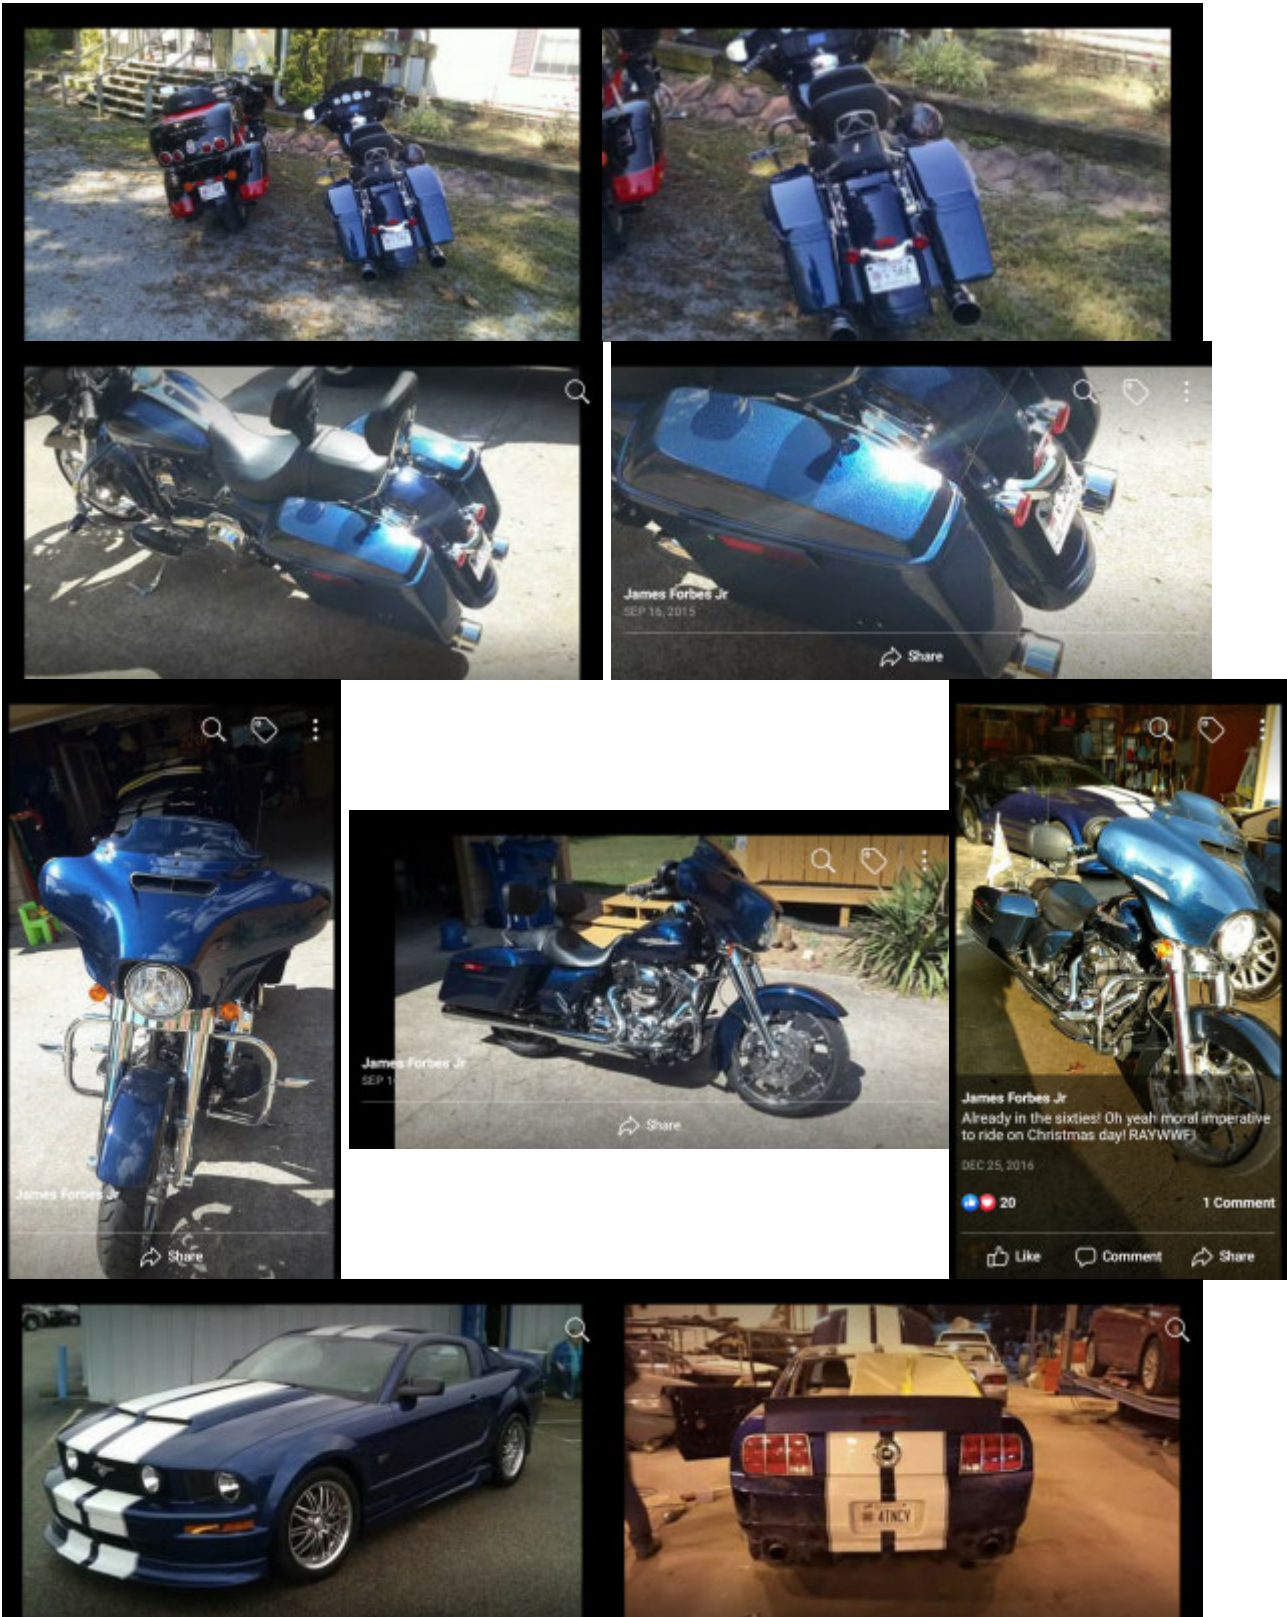

We can also see from photographic evidence that he is apart of the Son’s of Confederate Veteran’s Mechanized Calvary, 1st Battalion, Company A, a Neo-Cofederate Motorcycle Club complete with leather vests with patches. Take a look:

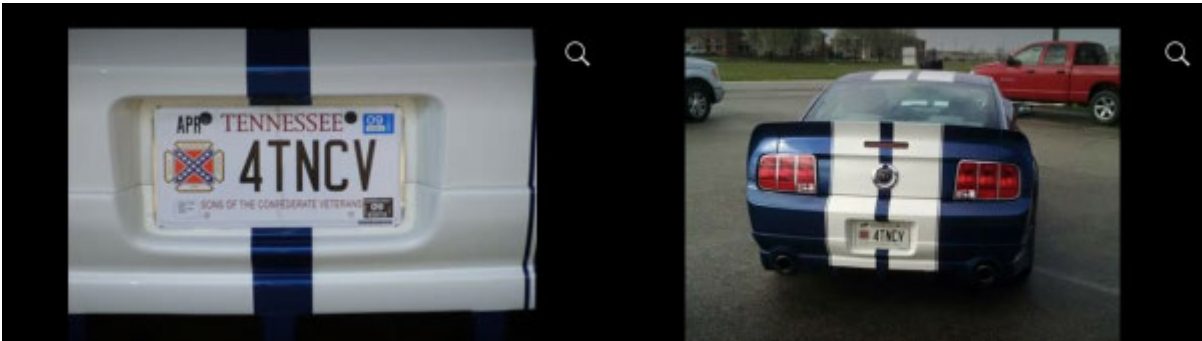

Here's some shot's of their vehicles:

The “Mechanized Cavalryman”:

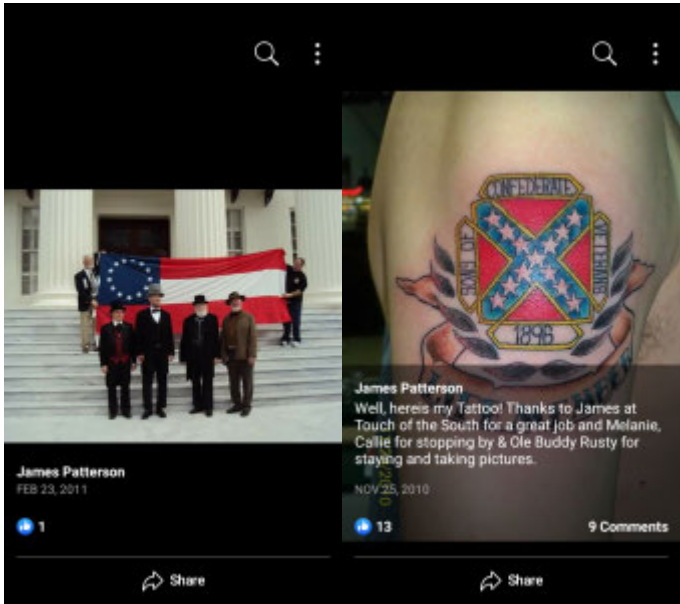

Another local racist and white supremacist LARPer is James Gilbert Patterson. As we can witness from looking over his Facebook account, he celebrates the memory of numerous defenders of the confederacy such as Generals Robert E. Lee ,Joseph Palmer Bivouac, and of course-Nathan Bedford Forest. Observe:

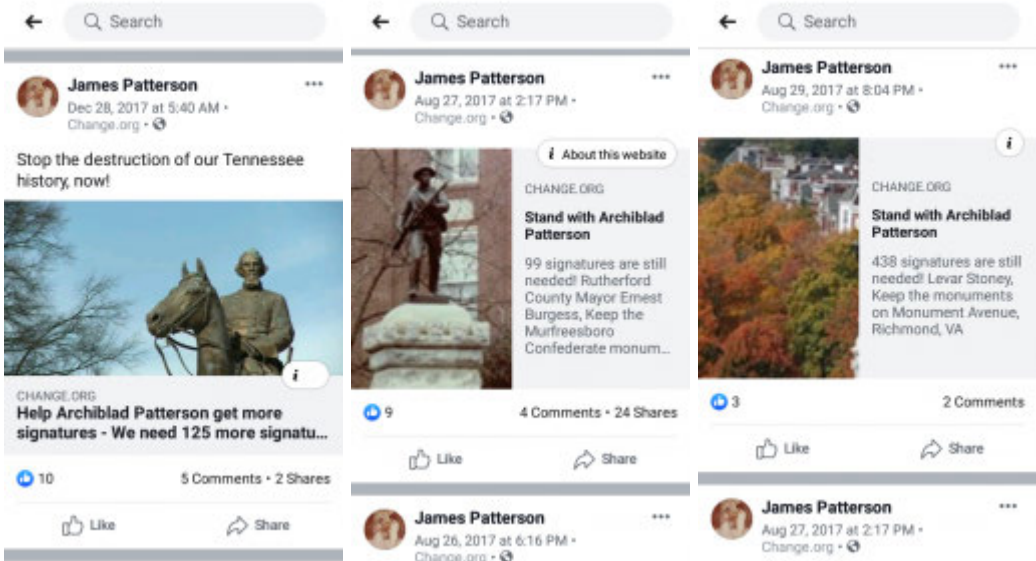

True to form we can see him LARPing in full confederate uniform, posing alongside the Confederate Battle Flag, again and the official flag of the Confederate States of America in full LARPing mode, and of course what member of a hate group would be complete with an official logo tattoo representing said group:

Here is James Patterson working hard to maintaining the many monuments to the racist hatred, bigotry, and enslavement of the African-American population found ubiquitously throughout the South:

James Patterson created a fundraiser for Sam Davis Memorial Association.

For my birthday this year, I'm asking for donations to Sam Davis Memorial Association. I've chosen this nonprofit because their mission means a lot to me, and I hope you'll consider contributing as a way to celebrate with me. Every little bit will help me reach my goal. I've included information about Sam Davis Memorial Association below.

The Sam Davis Memorial Association preserves the Sam Davis Home to keep alive the story of Sam Davis, the Confederate Hero, who gave his life rather than betray his friends and country. Through museum exhibits, the historic home, preserved farm land, and quality education programs, the SDMA imparts to its visitors the importance of learning about their past and its relevance to their
